

## Case Study

📍 Educational Establishments, Various

Service :  
Building Survey

Pinders Building Services Team assisted Dukes Education with the acquisition of numerous schools in and around London, establishments that operating from a range of buildings, to include Grade II Listed period properties, like the former home of the poet Alexander Pope, through to late 20th century commercial buildings.

The depth and breadth of our survey highlighted not just short comings in the fabric of these buildings but also problems with statutory compliance, allowing such matters to be remedied prior to acquisition.

Contact the Building Services Team on 01908 350500, or email [building@pinders.co.uk](mailto:building@pinders.co.uk) to discuss your requirements.
