

Case Study

 Hackney

Service :
Valuation Advice

Pinders were instructed as Sole Expert by an individual litigant in regard to a long-running family dispute involving two London pharmacies. Our experience and understanding of the Expert Witness role was of paramount importance in ensuring that the directions handed down by the Court were met by both ourselves and our instructing client.

Our specialist and extensive knowledge of the leasehold pharmacy and associated retail and wholesale markets enabled us to provide an objective, CPR compliant report that comprehensively addressed methodology, valuation and market issues, all of which were contributory to the dispute and upon which our expert opinion was sought.

The transparency, comprehensive content and recognised format of our Expert Witness report provided the effective foundation for agreeing the Joint Statement leading to the resolution of the dispute.

Contact the Expert Witness Services Team on 01908 350500, or email dispute@pinders.co.uk to discuss your requirements.
